SUMMARY

I'm a passionate web developer with over 3 years of experience. I've worked with Angular and ReactJS to create high-performance web applications. My skills in NodeJS and TypeScript allow me to build robust backends, while my expertise in Rxjs, Ngrx, and Redux ensures impeccable data management. I'm ready for new challenges and eager to contribute in a collaborative environment.

WORK EXPERIENCE

Semi Senior Frontend Developer, Ai Core IT Specialist   **Mar 2022 - Present**

- Maintaining a project for the multinational company Fiserv, where I resolve bugs, issues, and develop new features. I utilize best practices and the latest versions of Angular, working closely with a team following the Scrum methodology.
- Conducted unit testing to ensure code quality and reliability. Implemented micro frontend architecture to break down the application into smaller, manageable pieces, facilitating independent development and deployment.
- Angular, NGRX, Typescript, Unit testing, SCSS, Micro Frontends, Argo-CD, JIRA, SQL

Frontend Developer, Digital Motus   **Jan 2022 - Mar 2022**

- With React to develop a web application for a clothing store, which included viewing products, managing inventory, handling branch locations, and automating business processes.
- React, Redux, LESS, Docker, Jira, Java, Linux, SQL

Frontend Developer   **Jan 2021 - Jan 2022**

- I developed various projects for personal use and for friends using Angular, React, Node, among other technologies, which allowed me to showcase my web development skills.
- Angular, Ionic, React, React Native, NextJS, Javascript, Typescript, NodeJS, SQL.

EDUCATION

Advanced Programming Technician from Teclab Higher Technical Institute   **Jan 2020 - Dec 2022**

Certification in many Platzi and Udemy courses related to programming   **Jan 2022 - Dec 2022**

Completed secondary school graduate   **Mar 2015 - Dec 2019**

ADDITIONAL INFORMATION

- **Technical Skills:** Experience in Unit Testing (Jest and Jasmine), Solid knowledge of JavaScript, HTML, and CSS, Experience with linting and formatting tools (ESLint, Prettier)
- **Languages:** Spanish (Native), English
- **Hobbies:** Playing basketball and soccer with friends. Playing and developing video games.
